EXECUTIVE PROFILE

Educator and facilitator in applied AI with 25+ years in data and AI, specialized in taking technical and non-technical audiences to real adoption. I design and deliver programs in generative AI, productivity, BI and data storytelling —from 5 B2B diplomas and specializations (7 classes/modules, NPS 85–95) to workshops for leadership committees and micro-entrepreneurs (Connect · Impulso IA 360; SEC)—, focused on cultural change and measurable adoption. Currently, as a forward-deployed AI Training Consultant for a large global multinational, I run a corporate generative-AI adoption program: 35+ sessions, 815+ employees and a 4.92/5 recommendation score (215+ responses). My teaching experience is evidence of a critical capability: translating technical complexity into organizational adoption.

TEACHING & ACADEMIC TRACK RECORD

Large global multinational — Corporate AI adoption program (AI Training Consultant, Aug 2026 – present). Forward-deployed consultant (confidential client): I meet with each team to understand what slows them down and build workshops around their real tasks with the internal generative-AI tool —automating routine work, drafting content, simplifying processes. I run the whole process (manager–trainer alignment, cohorts of 15–25, Workday LMS enrollment, surveys and follow-ups): **35+ sessions, 815+ employees and a 4.92/5 recommendation score** across 215+ responses.

Universidad del Rosario — Rosario GSB · Advance (executive / graduate education). Guest professor of the executive course "AI for Leadership" (48 h, Challenge-Based Learning): 3 of the 8 modules, including both closing modules and the final-challenge feedback. Teaching score **4.6/5 — the highest of the 4-professor faculty**; 8.2/10 in perceived learning.

Universidad de los Andes — Continuing Education. Guest professor in a corporate program of the Applied Intelligence Academy ("AI and advanced analytics to solve strategic challenges"), across three technical modules: Advanced Data Analytics, Building Analytical Prototypes and Advanced Technical Mastery with AI. Confidential corporate client.

Asuntos Digitales — B2B diplomas and specializations. Design and teaching of 7 classes/modules across 5 programs: Commercial Management & Sales with AI (class "Commercial metrics, reporting & decision-making with AI", **NPS 85–95** across Jul–Sep 2026 cohorts), AI Applied to Business (financial KPIs, 5 cohorts), AI for Marketing (sales chatbots, 2 cohorts) and B2B Operations. Also a Claude Certification program: business-metrics Live and an MCP agents session. Public institutional NPS >85.

Collective Academy — executive education and MBA. Mentor in AI Productivity Tools (2 cohorts, 40+ participants; NPS 70 and 60) and in Business Intelligence & Data Analytics for MBA cohorts (NPS 40 and 50).

Universidad Militar Nueva Granada — university teaching. Lecturer and speaker in diploma programs on generative AI, Legal Tech, document analysis, applied research and responsible/ethical AI use. New 2026-II cohort: course "Technology Tools Serving Law" (5 sessions of 4 h — 20 h).

Crehana — published course. Instructor of "Business Analytics with Python and Excel": applied analytics for mass audiences.

Executive & industry workshops. Applied AI for leadership committees and micro-entrepreneurs: Connect (Impulso IA 360 program), SEC (analytics for micro-entrepreneurs), creative agencies (Bumerang, Performer, La Mediática) and industry guilds (ACIA/ASOPESAJE).

METHODOLOGIES, CURRICULUM DESIGN & ACADEMIC FOUNDATION

Methodologies and curriculum design. Challenge-Based Learning (70% hands-on / 30% theory), curriculum design, rubrics and assessment; data storytelling and a proprietary "5 levels of data analytics" framework; prototypes and applied cases with ChatGPT, Claude, Gemini, Copilot, Perplexity and NotebookLM.

Academic foundation. Statistician, Universidad Nacional de Colombia. Recurring participation in the UNAL International Statistics Symposium (Nonparametric Statistics, Quality Control, Social Research and Data Science).

Content and thought leadership. Talks such as "AI in Action: From Attention to Conversion"; a YouTube channel on AI and data; materials and resources delivered through student portals.

PROGRAMS & TOPICS I DESIGN AND TEACH

AI strategy, leadership and governance: AI for leadership; maturity assessment and 90-day adoption roadmap; governance, ethics and responsible use; future of work, upskilling/reskilling and AI's impact in LATAM.

Applied generative AI: Advanced prompt engineering; AI assistants and agents; automation with GenAI (document understanding, rules and exceptions); business RAG and multimodality.

Analytics, metrics and decision-making: Commercial metrics, reporting and decision-making with AI; financial KPIs; BI and dashboards; data storytelling; the "5 levels of data analytics" framework.

Productivity and B2B operations: ChatGPT, Claude, Gemini, Copilot and NotebookLM applied to work; smart information organization and management; "data analysis and synthesis without being an analyst".

PROFESSIONAL EXPERIENCE

AI Training Consultant — Generative AI Adoption (Forward-Deployed)
Aug 2026 – Present

Large global multinational (confidential) · Remote from Bogotá

- Run end-to-end the adoption of the company's internal generative-AI tool: 35+ sessions for 815+ employees in 10 weeks, with a 4.92/5 recommendation score (215+ responses).
- Diagnose with each team what slows their work, tailor workshops to their real tasks and own the full cycle: manager–trainer alignment, cohorts of 15–25, Workday LMS, surveys and follow-ups.

Independent Consultant — Data, Analytics, AI & Digital Transformation
Nov 2024 – Present

Independent practice · Bogotá / Remote LATAM

- Design AI adoption roadmaps, assessments and use-case prioritization methods with clear business-value criteria.
- Architect intelligent automation with GenAI (document understanding, business rules, exceptions, KPIs) integrated with SAP Business One and cloud.
- Advise modern data architectures (Microsoft Fabric, Power BI, governance and quality) and facilitate applied-AI workshops and programs.

Consultant — Data Science & Advanced Analytics
Jan 2025 – Jul 2025

NEICON (clients Postobón, Efecty) · Bogotá

- Designed and delivered corporate analytics solutions (data models, dashboards, decision support) and supported data architecture and scalable pipelines focused on quality, traceability and adoption.

Senior Manager — Data Science, Corporate Business Technology Aug 2021 – Oct 2024
Johnson & Johnson · Global corporate functions (remote)

- Co-led advanced analytics, AI and automation for global corporate functions (Finance, Procurement, HR, Legal).
- Acted as a strategic business–data bridge: framed problems, defined success metrics and translated requirements into analytical solutions.
- Drove responsible adoption of AI, GenAI and automation across non-technical teams through training, governance and documentation.
- Led and coordinated analytics and consulting teams (5–6 analysts and 3–4 consultants), bridging business, technology, data and adoption.

Senior Manager — Data Science & Analytics, Procurement Americas May 2018 – Aug 2021
Johnson & Johnson · Americas region · Bogotá

- Led BI, predictive and prescriptive analytics for Procurement Americas, delivering forward-looking insight for decisions.
- Built regional analytics capabilities from the ground up: integrated heterogeneous sources into dashboards, automated recurring analyses and standardized LATAM leadership reporting.
